Do-It Yourself Challenges

The Wherley and Suburban Advantage

Subject: Truck / Equipment

- Yes, we found a truck to accommodate our move date.
- Yes, we know the size of truck we need to haul all of our household belongings in one trip.
- Yes, we have all of the equipment needed to secure and safely transporting those big, bulky and extremely heavy household items.
- Yes, we have all of the materials required to prevent damage to the house at origin and destination.

We have the trucks and equipment you need to assist in offering you a positive moving experience.

Our companies have an entire fleet of reliable trucks of all sizes. Our fleet gives us the flexibility and availability to meet your moving preferences. Our on-site move cost-estimate allows our team to customize your move by securing the correct size of truck and bring the appropriate tools to conduct an efficient move. In addition, we take the proper measures to protect the home at origin and destination so damage does not occur to the floors, doors and walls. So, you need us to move grandma's antique china cabinet? We'll be ready! And you need us to move dad's big screen TV? You can be certain we'll come prepared.

Subject: Packing Materials

- Yes, we know of a conveniently located shop that sells boxes of various sizes and has all of the packing materials we need.
- Yes, we know the quantity of boxes we need for the entire move. We also know the amount of packing tape, how much bubble wrap, shrink wrap to purchase up front so we will not have to make repeat visits to purchase additional materials.
- Yes, we know how to properly pack many of the items in the home so they will be safe and secure during the transition.

We will determine the appropriate amount of packing materials you will need to protect your goods.

We offer a variety of boxes uniquely tailored to pack and safely secure all fragile items You can be assured a shelf full of books, pots and pans, mattresses, Jimmy's stuffed animals, Erin's doll collection and mom's cherished paintings will arrive safely. We will determine the type of box and quantity of boxes you will need to accommodate your move. If you are packing yourself, remember that we sell a variety of boxes ... feel free to stop by our facility and purchase the cartons you will need to fulfill your moving requirements.

Subject: Dates / Personnel / Assistance

- Yes, we have a good group of strong helpers whom we can be assured will arrive on-time and help us from start to finish, without any complaining.
- Yes, my helpers and I are available to take time away from work and are willing to risk any bodily injury as a result strenuous activity.

Trust, reliability and a positive attitude are attributes of our team of experienced movers.

We pride ourselves on being a reliable resource you can depend on. You can expect our personnel to arrive on time and complete the move from start to finish with a positive attitude. We'll go up and down the stairs building a sweat, so you don't have to ... and you wont have to worry about an unexpected visit to the chiropractor.

Subject: Disassembly / Reassembly of Large Items and the Disconnection / Reconnection of Appliances

- Yes, we are confident we can properly disassemble unique household items such as: bunk beds, swing sets, grandfather clocks, pool tables etc.
- Yes, we are secure that during the transition we won't lose any of the hardware from the items we disassembled.
- Yes, we believe we can reassemble the items so they operate as efficiently as they did in the previous residence.
- Yes, we feel we can safely disconnect and reconnect the washer, dryer and refrigerator.

We have an alliance with national service providers.

We have a strong relationship with national companies who specialize in the disassembly and reassembly of unique household items such as: grandfather clocks, home theater systems, slate pool tables and more. You will have 'peace of mind' knowing these items are in the hands of professionals and key components will not be lost in transit. In addition, you be comfortable knowing your gas dryer, your refrigerator with an ice maker will all be reconnected correctly. Our estimator will identify if these services are required. Our experienced Move Counselors will help remove any unneeded stress by scheduling these services so they will be completed on your move date.
